

HAMILTON SENIORNET (inc) moves that the time any future Annual or Special General Meeting held in Wellington, commences, be no earlier than 12 noon.

In support of this motion we note that it is not possible for any person coming from Hamilton or from a more northern city, to catch a cheap or early flight to Wellington, as these are always booked up well before the date of the meeting is announced and therefore needs to stay overnight for the 10.30am start of the meeting. The cost of the accommodation is therefore an added expense which a small society may find difficult to meet. A later start time would allow the representatives to travel there and back on the same day of the meeting.

Our Pat. Van der Maas will be attending as our delegate.

Kind regards. Arthur Beale
